

Called To Freedom: Galatians

Freedom Without Mixture

Read the following verses: Galatians 5:1-15

Examining the Text:

1. Which of Paul's statements imply that you cannot combine Law and Grace?
2. How should we use the freedom we have, and what should it not be used for?

Digging Deeper:

1. Is being justified (5:4) and being righteous (5:5) pointing to our initial experience of salvation, an on-going process of salvation, a final vindication at God's final judgment, or a combination of some of these?
2. What are the consequences of having one foot in the boat of grace and our other foot in the boat of Law?

The Heart of the Matter:

1. How has God urged you to serve others in love?
2. Consider together how your small group can serve each other and how needs in the church could be met by your group as a whole.
